MICHIGAN ORGAN & TISSUE DONATION PROGRAM

MICHIGAN ORGAN & TISSUE DONATION PROGRAM

Liver recipient Aimee Cruz, left, is alive today because of the generosity of an organ and tissue donor. She is joined by Ethan, a young Gift of Life supporter.

What is the Michigan Organ Donor Registry?

The registry is a confidential database that documents your wish to become an organ, tissue and eye donor. Your gift will be used to help others through transplantation, therapy, research and education. After you sign up, the Secretary of State will provide you with either a new license or ID card printed with the organ donor symbol or an organ donor sticker for your existing license or ID.

- **Everyone can sign up.** People of all ages and medical histories should consider themselves potential donors. Advances in medicine continue to allow more people to donate. Physicians carefully screen potential donors at the time of donation for transplant suitability.

- **Saying "yes" to donation will not affect your medical care.** If you are sick or injured, a doctor's priority is to save your life. The medical team treating you is separate from the transplant team.

- **There is no cost to the donor, their family or estate.**

- **All major religions support organ donation or view this charitable act as an individual's decision.**

- **An open casket funeral is possible for donors.** Through the entire donation process, your body is treated with care, respect and dignity.

- **Your decision can have a big impact.** More than 100,000 people in the United States are waiting for an organ transplant. By being an organ and tissue donor, you can save the lives of eight people and improve the lives of 50 more.

- **For more information,** visit giftoflifemichigan.org, Michigan.gov/sos or call 800.482.4881.

Gift of Life Michigan is the state's federally designated organ and tissue recovery organization. Gift of Life, in collaboration with the Michigan Eye-Bank, provides all services necessary for organ, tissue and eye donation.
