

# The Utah Donor Registry

Organ, eye and tissue donation represents a gift of life from one individual to another. The Utah Donor Registry ensures that those who want to donate can do so. Almost anyone can be a donor at the time of death, no matter what their age or medical condition.

**YES! I wish to donate my organs, eyes and tissues to save or enhance someone's life through transplantation.**

*If you are under the age of 18, consent must be obtained from your parents or legal guardian at the time of donation. If you are over the age of 18 at the time of donation, family consent is not required, but your family will be notified of your wishes.*

- Examples of organs for life saving transplants include heart, liver, pancreas, kidneys, lungs, and small bowel.
- Examples of tissues that could save or enhance someone's life include eyes/corneas, heart valves, bones, and skin grafts.
- Tissue and organ donation still allows for an open casket funeral.

Any specific limitations or additions:

## Why Wait? Start Saving Lives Today!

Blood and bone marrow may be donated anytime. Shade the circles below to receive more information.

- Blood Donation
- Bone Marrow Donation

Shade the circle below if you are between the ages of 20 and 60, and would like more information about living kidney donation.

- Kidney Donation

Please print **NEATLY** in **UPPERCASE** letters. Avoid contact with the box edges. All fields, except e-mail, are required. Information is secure and will be used only for registry purposes. Please print letters and numbers like those in example:

A	B	C	D	E	F	G	H	I	J	K	L	M
N	O	P	Q	R	S	T	U	V	W	X	Y	Z
1	2	3	4	5	6	7	8	9	0
